REDEMPTION STATEMENT

Oslo, 30.03.2021

Company: **Carlsberg Group – Greece**
Period: **01.01.2020 – 31.12.2020**
Volume: **9,017 MWh**

This statement confirms that Renewable Energy Guarantees Origin (REGOs) have been redeemed for delivery to document renewable energy consumption for **Carlsberg Group – Greece**. The REGOs have been issued to document electricity production from renewable energy sources. One certificate equals 1 MWh of electricity produced.

The power production is certified according to the REGO scheme. Ofgem administers the scheme for generation in Great Britain and issues one REGO certificate per megawatt hour (MWh) of eligible renewable output to generators of renewable electricity.

Accounting of REGOs is done by ECOHZ AS, Oslo. The redemption can be controlled according to generally accepted auditing practice.
